RE: Michele Webber

Dear Madam or Sir:

I am a registered nurse as well as an attorney who provides legal nurse consulting services. I subcontracted with Michele Webber from Webber Legal Nurse Consulting to provide a deposition summary on one of my cases.

Michele has saved me time and money with her services. She did a fabulous job in fairly and succinctly summarizing the deposition of the plaintiff in a personal injury case. She picked out the information and relevant points pertinent to my case for the summary. At times, some legal nurse consultants will put everything in a summary and not discern what the attorney most needs to prepare for mediation, additional depositions or trial.

Based on the services Michele provided, she was able to nicely condense the deposition into a short, understandable format which was perfect for the attorney to have all the relevant facts at hand.

Michele is an excellent writer and is able to discern the most relevant information on your cases. I highly recommend her to review cases for merit, put together chronologies, timelines of events and condense medical records and deposition summaries.

Michele saved my attorney clients a lot of time and money by her reviewing and summarizing the deposition in a usable format.

Thank you

Very Truly Yours,
BROWN LAW OFFICE, P.C.
